

## Tableau Training and Certification Course: Joins Assignment

---

Let's say you have below 2 tables:

**Table 1**

ID	Name	Price
1	A	12
2	B	13
3	C	14

**Table 2**

ID	Name	Product name
1	A	Eraser
2	B	Book
4	D	Marker

What will be the output of all join types?

- Left
- Right
- Inner
- Full Outer
